APPLICATION AND PRE-ADMISSION FORM

Please Read All Information Carefully

All Questions Must Be Answered Before the Application Can Be Reviewed and Processed

Our Mission: Rosary Hill Home, a licensed Roman Catholic Health Care Center, owned and operated by the Dominican Sisters of Hawthorne, provides loving, palliative care to those suffering from terminal cancer **according to the teachings of the Catholic Church and the Ethical and Religious Directives for Catholic Health Services**, 6th ed. 2018 (United States Conference of Catholic Bishops) and the HHS Conscience Rule (2019). Since its opening in 1901, Rosary Hill Home's Administration, Sisters and staff have been committed to protecting human dignity, freedom and human flourishing at the end of life and strive to meet the physical, emotional, spiritual and recreational needs of patients suffering from terminal cancer.

Palliative care provided by Rosary Hill Home is free to all who meet the admission requirements; there is no discrimination on the basis of race, creed, color, national origin, sex, handicap or HIV status. In fidelity to their Rule of Life, the Dominican Sisters of Hawthorne depend solely upon the "providence of God and the hourly mercy of the charitable public;" no payment is accepted from patients, their families, private insurance, or from the government.

Admission of patients to Rosary Hill Home follows a comprehensive review of the clinical history, diagnoses, and current treatment plan of each applicant. Following this review, a decision is made based on the ability of Rosary Hill Home to provide palliative care consistent with its Mission. In reviewing all applications for admission, and in order to assure that all the needs of the patients can be met, Rosary Hill Home reserves the right:

- to deny admission to any patient
- to facilitate transfer of current patients to other care centers when treatment and care do not fall within its Mission.

Patients who request or require clinical interventions, counseling, or services that are not consistent with the Catholic moral tradition, the Ethical and Religious Directives for Catholic Health Services, and the HHS Conscience Rule, e.g., Euthanasia; Assisted Suicide; Gender Dysphoria, etc., will not be admitted to Rosary Hill Home.

Requirements for Admission to Rosary Hill Home:

1. Documented proof of a diagnosis of incurable cancer is required. This may be:
    - Pathology Report,
    - CAT Scan,
    - Biopsy Report,
    - or other requested information.

2. Rosary Hill Home is a free home for those who are financially unable to afford nursing care elsewhere. This means:
    - the patient has no insurance coverage.
    - if the patient has insurance coverage, such coverage is not adequate to cover the cost of a stay in a nursing facility.
    - the patient does not have other assets that would cover the cost of nursing care.

    Rosary Hill Home accepts no payment of any kind, including Medicare, Medicaid, private insurance, or private pay. Financial need is a requirement for admission.

3. Patients and families must be informed that the care provided by Rosary Hill Home is palliative, not curative. The patient and family understand that:
    - All treatments must be completed before the patient is accepted.
    - Medications and all ancillary orders will be prescribed by our physicians.
    - We do not provide professional physical or occupational therapy.
    - Intravenous (I.V.'s) and blood transfusion services are not available.
    - We are a smoking-free facility.

4. **Do Not Resuscitate Order** - As only persons with incurable cancer are admitted to Rosary Hill Home and as Rosary Hill Home provides only palliative care, all patients must submit a valid "Do Not Resuscitate" (DNR) Order prior to admission.
5. All pages of the application must be fully completed.

Palliative Care is a concept of care which employs medical and nursing care as well as specific ancillary services, when indicated, whose primary objective is the comfort and overall well-being of the incurable/terminal individual. No treatment is employed which would overburden the individual, yet full support is offered for basic physical needs as well as spiritual, psychological, and emotional needs. Individuals, while experiencing similar diagnoses, may have different needs or symptoms associated with their disease and secondary diagnoses; hence personalized medical or nursing plans of care based on individual needs and symptoms are developed.

Rosary Hill Home complies with all applicable federal, state, and local civil and human rights laws with regard to employment and provision of services. Patients are welcome regardless of age, color, creed, sex, national origin, handicap, or marital state.

I AM AWARE OF AND ACCEPT THE MISSION AND POLICIES STATED ABOVE.

Signature of patient / responsible person required for admission:

Applicant's Name: _____ **Date:** _____

Patient's Signature: _____

Signature of the responsible person (Healthcare Proxy or next of kin) if patient is unable to sign:

Signature: _____ **Relationship:** _____
